Investment Overview

Convexis Global as part of our Portfolio Segment offering, a product of the Convexis Group (“**Convexis**”), invests predominantly in cash deposits, money market instruments and private placements in all currencies that are systematically hedged against fluctuations in value (no foreign currency risk).
Convexis combines market and issuer analysis to identify those investments that offer the most attractive risk/return profile. The active approach to the administration of investments is based on strict risk controls that are reviewed by an external auditor. Furthermore, investments decisions are following the Placement Guidelines from the Swiss Bankers Association.
